**TOTAL # OF PATIENTS EVALUATED EACH WEEK BY ENTIRE SERVICE:**

- 60

**COURSE OBJECTIVES (in order of importance):**

1. Biopsychosocial approach to the medically ill.
2. Improved psychiatry evaluation in the medically ill.
3. Diagnosis of complex psychiatric disorders.
4. Knowledge of DSM-IV.
5. Knowledge of psychotropic medication in the medically ill.
6. Psychiatric syndromes/toxicities related to medications.
7. Multidisciplinary approach to the medically and psychiatrically ill.
8. Improved doctor-patient relationship.
10. Medical record keeping.
11. Knowledge of psychometric testing.

**DESCRIPTION:**

The HIV Psychiatry Service at Harbor-UCLA Medical Center is an outpatient consultative service which evaluates adults in all stages of HIV infection. A variety of psychiatry disorders are seen. Emphasis is placed on evaluating biological, psychological, and social factors manifesting in psychiatric disorders. The Psychiatric Consultation/Liaison Service is an inpatient service that evaluates patients hospitalized for medical/surgical treatment. Emphasis is placed on understanding the influence of chronic psychiatric conditions on medical care, the psychiatric conditions that may be associated with medical conditions, and the use of psychotropics in the medically ill.

**ON-CALL SCHEDULE & WEEKEND ACTIVITIES:**

None

**ADDITIONAL COMMENTS AND OTHER SPECIAL REQUIREMENTS:**

The student will spend two afternoons half-days in the HIV Psychiatry Clinic under the direct supervision of the attending psychiatrist, plus 1 – 1/2 hours/week of individual supervision. The remainder of the time will primarily be spent on the inpatient C/L Service, under the supervision of the attending and third-year psychiatry residents. The student will also attend two seminars each week with the psychiatry residents, and the Grand Rounds for the Department of Psychiatry.

The UCLA Consultation & Evaluation Service is an inpatient consultation psychiatry service that provides psychiatric evaluations to the UCLA Center for Health Sciences. The service provides focused consultations to medical and surgical services for urgent and routine matters. The service consists of 3–4 resident physicians, a psychologist, a psychiatric social worker and multiple faculty members with expertise in various aspects of Consultation/Liaison Psychiatry. The service also provides consultations to the Emergency Medical Center that is a major trauma center for large urban hospital. The scope services includes capacity to consent to or refuse medical treatment, pain management, pre-surgical evaluation for solid organ transplant candidates, post-operative follow-ups for acute behavioral disturbances, mood and anxiety disorders in a teaching hospital.

DESCRIPTION: This advanced level elective offers an introduction to the rapid assessment and effective management of psychiatric and behavioral problems experienced by patients with significant medical or surgical illness in the medical ambulatory clinic. Students are integral members of the C/L team, and learn to apply a Bio-psychosocial approach to evaluation of psychiatry problems in that setting (including mood, psychosis, anxiety, cognition, substance abuse, and personality disorders. Management of these problems includes both pharmacological and non-pharmacological approaches (supportive therapy, crisis intervention, cognitive-behavioral and insight-oriented psychotherapy.) A three- to six-week elective, Sepulveda V.A. Medical Center. Prerequisites: Clerkships in Psychiatry and medicine.

E-MAIL: cvera@mednet.ucla.edu

REPORT TO: Barry Guze, M.D., Resnick Neuropsychiatric Hospital, 150 Med Plaza, Room 4521 (4th Floor Conference Room) at 8:30 AM

PREREQUISITES: Psychiatry, Medicine & Surgery

AVAILABLE FOR EXTERNS: Yes

STUDENTS / PERIOD: max 4 min 1

DURATION: 3 weeks

2009-2010 ROTATIONS BEGIN WEEKS: 2, 5, 8, 11, 14, 17, 20, 27, 30, 33, 36, 39, 42, 45, 48

DESCRIPTION: In this advanced clinical clerkship the student will function as a sub-intern under faculty and chief resident supervision. Clinical activities will occur on the Adult Psychiatry Inpatient wards and the Adult Partial Hospital Program. Sub-interns will be responsible for all aspects of patient care, from admission to discharge. All clinical activity will be supervised via individual meetings and daily rounds with faculty and chief residents.

COURSE OBJECTIVES (in order of importance)
1. Students will workup at least three new patients per week and 12–30 per rotation.
2. Students will actively participate in the on-going care of the patient.
3. Students will learn how to treat significantly ill/complex patient cases in diverse patient populations.
4. Students will have substantial or primary patient care responsibility.
5. Acquisition of knowledge of the psychopathology and phenomenology of serious psychiatric disorders in adults.
6. Development of skills and knowledge in the evaluation, diagnosis, treatment, and disposition of hospitalized psychiatric patients.
7. Progress in medical record-keeping abilities including comprehensive history, examinations, plans, progress notes, discharge summary, and multi-axial diagnostic formulation.
8. Acquisition of advanced knowledge of therapeutic modalities, such as pharmacotherapy and ECT.

STUDENT EXPERIENCES

COMMON PROBLEMS/DISEASES
1. Unipolar depression
2. Bipolar disorder
3. Schizophrenia
4. Organic mental disorders
5. Anxiety disorders
6. Adjustment disorders
7. Personality disorders

INPATIENT: 100%
OUTPATIENT: 0%
CONSULTATION: 0%
PRIMARY CARE: 100%

ON-CALL SCHEDULE & WEEKEND ACTIVITIES:  While night work is not required, the student may elect to “take call” when the resident-preceptor is on duty.

ADDITIONAL COMMENTS AND OTHER SPECIAL REQUIREMENTS:  Student responsible for all aspects of medical care, including those of a non-psychiatric nature. The schedule will approximate that of the resident-preceptor. Supervised participation in various other aspects of departmental activities may also be provided by individual arrangement. Student gains in-depth experiences in geriatric psychiatry and neuropsychiatry with supervised responsibility for patient care.
DESCRIPTION: The patients in this service present complex diagnostic challenges. The student will assume responsibility for the clinical management of patients with substance abuse patterns and concurrent medical and psychiatric illnesses.

COMMON PROBLEMS/DISEASES

1. Alcohol and drug dependence
2. Affective disorders
3. Schizophrenia
4. Alcohol and other drug withdrawal syndrome
5. Personality disorders
6. Hypertensive Cardiovascular Disease
7. Alcoholic hepatitis
8. Convulsive disorders

**Report to:**
Dr. Fong @ 8:30 a.m., Room C8-887, Semel Institute. 740 Westwood Plaza

**Prerequisites:** Psychiatry

**Available for Externs:** Yes

**Students / Period:** max 1 min 1

**Duration:** 3 weeks

**2009-2010 Rotations Begin Weeks:**
2, 5, 8, 11, 14, 17, 20, 27, 30, 33, 36, 39, 42, 45, 48

**Description:** This elective provides an overview of how to identify and manage patients with substance use disorders. Students will function as a sub-intern on the inpatient substance abuse service. Duties will include care of patients admitted for detoxification, management of co-occurring psychiatric disorders and assisting in developing an aftercare program. Students will also participate in the outpatient, Addiction Medicine Clinic to learn techniques of psychopharmacological management of addictive disorders. Finally, students will visit residential treatment facilities, sober living homes and drug courts to gain a full appreciation of the clinical management of patients with substance use disorders.

**Student Experiences**

**Common Problems/Diseases**
1. Alcohol dependence
2. Stimulant dependence
3. Prescription drug abuse
4. Opiate dependence
5. Pathological gambling
6. Marijuana dependence
7. Nicotine dependence

**Inpatient:** 50%

**Outpatient:** 50%

**Consultation:** 20%
