REPORT TO: Student Coordinator on first day of course at 7:30 a.m. in Reed 1-240

PREREQUISITES: Medicine, Neurology, Surgery

AVAILABLE FOR EXTERNS: Yes

STUDENTS / PERIOD: max 2^ min 1

DURATION: 3 weeks

2010-2011 ROTATIONS BEGIN WEEKS: 3, 6, 9, 12, 15, 18, 21, 27, 30, 33, 36, 39, 42, 45, 48

DESCRIPTION: The students are given increased experience and responsibility for the evaluation, recognition, and care of neurological inpatients supervised by the resident and attending staff. Their skills in clinical neurology are improved by participation in regular neurology ward rounds, and through feedback from team members. Students are encouraged to discuss additional experiences that interest them with the course Chairs or Service Chief Resident. NOTE: Time on service can be spent on one of the two inpatient teams, the stroke team or the general team. Due to personnel limitations, we cannot always accommodate requests for a specific team.

COURSE OBJECTIVES (in order of importance):
1. To provide experience in both in-patient and out-patient clinical neurology.
2. To increase student awareness of neurodiagnostic tools and techniques.
3. To increase clinical skills, particularly in diagnostic history taking and neurologic evaluation.
4. To provide opportunity for student participation in ward decisions concerning patient management.
5. To allow student to attend subspecialty lectures, conferences, and ward rounds.
6. To introduce student to scientific basis of neurology.
7. To allow student supervised learning of routine techniques such as lumbar puncture, and exposure to more advanced techniques such as EMG, if desired.
