E-MAIL:
The Pediatric Emergency Medicine subinternship allows the student to experience and participate in the care of acutely ill and emergent pediatric patients under the supervision of both the Pediatric Dept. and Emergency Dept. faculty and residents at Olive View-UCLA Medical Center. The schedule is a mix of day, evening, and night shifts in the Pediatric Urgent Care Clinic (day shift) and Main Emergency Department (evening and night shifts), with attendance at both departments’ resident didactic educational conferences. The opportunity also exists to participate in the SCAN Clinic, paramedic ride-along, and community health vans.

**COURSE OBJECTIVES (in order of importance)**
1. Gain comfort with the evaluation, diagnosis, and management of pediatric emergency complaints.
2. Gain experience in minor emergency procedures, including suturing, splinting, IV access, lumbar puncture, etc.
3. Gain experience in efficiently managing multiple emergency dept. patients simultaneously (according to the skills of the student).

ADDITIONAL COMMENTS AND OTHER SPECIAL REQUIREMENTS:

DESCRIPTION: This elective allows the student to construct a unique educational experience in providing healthcare and increasing awareness of the health issues of the college-age student population. Sports medicine, dermatology, mental health, nutritional and other issues unique to young adults are emphasized. This elective can be modified to meet the interests of the fourth-year medical student. Students will periodically meet with a preceptor to review learning issues and to present as requested by the preceptor.

DESCRIPTION: The school-based clinics provide access to common adolescent health problems, while the UCLA Adolescent Medicine Clinic exposes the student to adolescents referred for complex medical problems. In Orthopedic Hospital the students will evaluate patients with common orthopedic and sports medicine problems as well as complex neuromuscular diseases. The UCLA Student Health Center provides opportunities to evaluate common health problems of college-age and young adult populations.

- Week 3, 6, 9, 12, 15, 18, 21, 27, 30, 33, 36, 39, 42, 45, 48

DESCRIPTION:
The goal of this rotation is that the student develop a systematic approach to the analysis of hematologic and oncologic problems, and the infectious and metabolic disorders which complicate their treatment. The student will assume primary responsibility for all assigned inpatients, supervised by the Pediatric faculty. The student will be expected to follow at least 1-2 complicated patients, including those who have undergone bone marrow transplantation. The student will also be expected to do consults requested by other Pediatric services. Call will be every 4th night. The student will be expected to round on patients on weekends.

ON-CALL SCHEDULE & WEEKEND ACTIVITIES: Call every fourth night.

ADDITIONAL COMMENTS AND OTHER SPECIAL REQUIREMENTS: We aim for the student to become proficient in the diagnostic and therapeutic subspecialty procedures (chemotherapy administration, and a familiarity with the pathophysiology of hematology-oncology and the principles of chemotherapy). The student will meet regularly with a member of the Division of review teaching materials and discuss specific subjects. The student will attend the various Division conferences and review topics of current interest with the group.
COURSE CHAIR:  
Lee Todd Miller, M.D.  
Arthur Cho, M.D.

SUPPORTING FACULTY:  
Anish Desai, MD

STUDENT COORDINATOR:  
Esther S. Tolentino  
PHONE #: (310) 423-4780  
E-MAIL: tolentinoe@cshs.org

REPORT TO: Esther S. Tolentino, Cedars-Sinai Medical Center, Rm. 4400, 8:45 a.m.

PREREQUISITES: Pediatrics, Medicine, Surgery

AVAILABLE FOR EXTERNALS: Yes

STUDENTS / PERIOD: max 2 min 1

DURATION: 3 weeks

2010-2011 ROTATIONS BEGIN WEEKS: 3, 6, 9, 12, 15, 18, 21, 27, 30, 33, 36, 39, 42, 45, 48

DESCRIPTION: The medical students will function as interns. Each student will meet with Dr. Miller and/or Dr. Cho on the first day to determine how the rotation is to be structured with educational goals and objective. Rotations are based on the individual interests and needs of the student. Students will care for patients of all socioeconomic backgrounds and with a mix of pathology ranging from “bread and butter” problems to tertiary care inpatient pediatrics.

ON-CALL SCHEDULE & WEEKEND ACTIVITIES: One night call per week. On weekends, student is expected to round on his/her patients, provide daily care, write daily notes, and then may check out to senior resident.

ADDITIONAL COMMENTS AND OTHER SPECIAL REQUIREMENTS: The student will be the direct care provider to a wide range of critically ill children. This will entail extremely close interaction with PICU faculty and fellows, with ample time for 1:1 teaching.
